

Shaded area of maps show existing **Service Use areas**, and those areas for possible rezoning to the C-4 Service Use Zone designation:

### Map 1: South Side of Evelyn between Bernardo and Mary

*Currently Zoned: M-S, Industrial and Service  
Proposed Zone: C-4, Service Commercial*

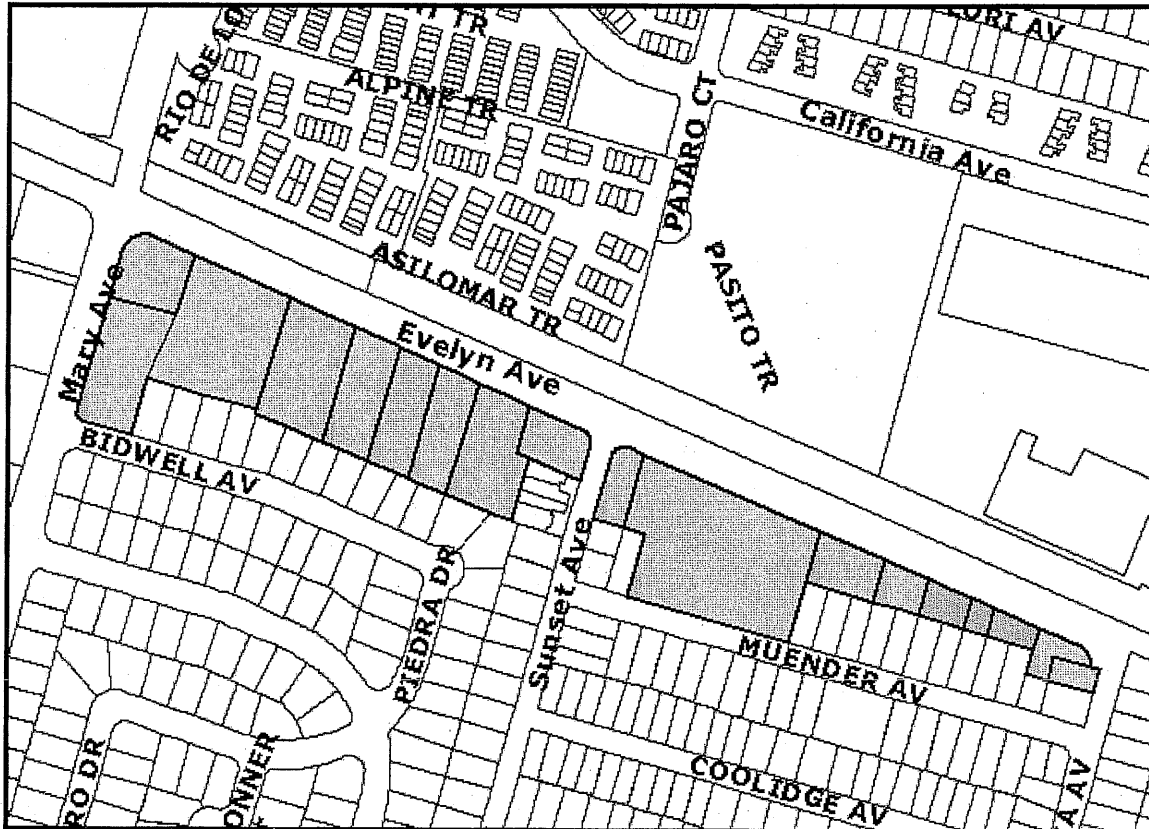

The area between Bernardo and Mary is currently zoned M-S, Industrial and Service, and has a mix of uses including R&D buildings as well as service uses. This area could be considered for rezoning to C-4, but if so, there would be many industrial uses that now exist that could become legal non-conforming after the rezone.

Shaded area of maps show existing **Service Use areas**, and those areas for possible rezoning to the C-4 Service Use Zone designation:

### Map 2: South Side of Evelyn between Mary and Pastoria

*Currently Zoned: C-4, Service Commercial*

*Proposed Zone: C-4, Service Commercial*

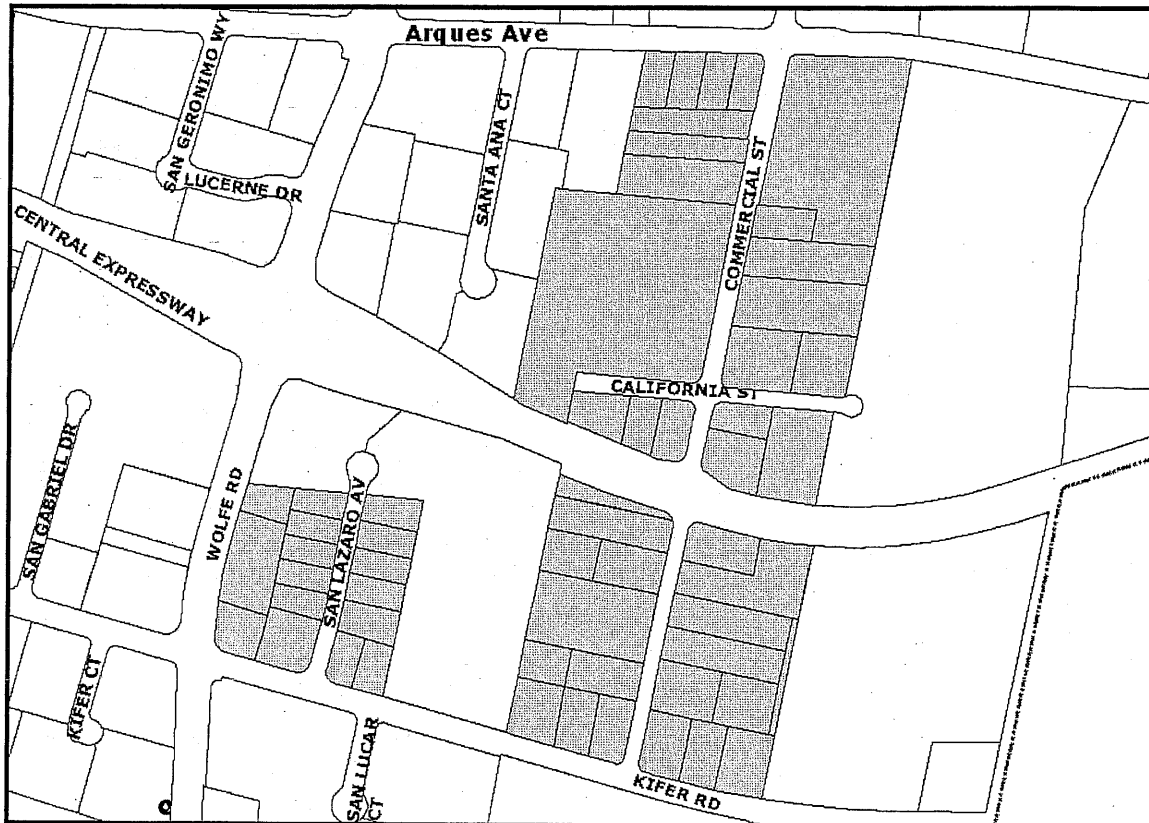

The area between Mary and Pastoria is currently zoned C-4, and is one of the areas considered to maintain that zoning designation.

Shaded area of maps show existing **Service Use areas**, and those areas for possible rezoning to the C-4 Service Use Zone designation:

### Map 3: Commercial Street and San Lazaro Ave.

*Currently Zoned: M-S, Industrial and Service*

*Proposed Zone: C-4, Service Commercial*

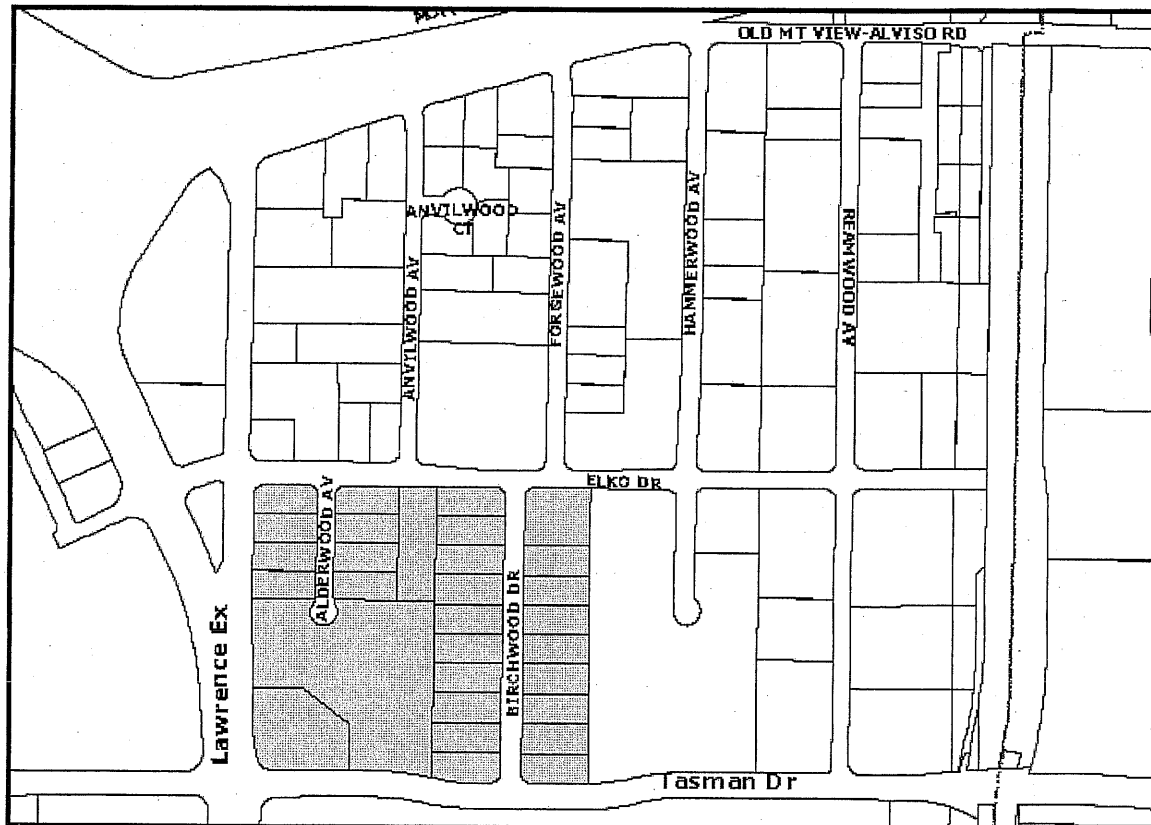

Commercial Street is broken into 2 parts by Central Expressway. The area south of Central Expressway is primarily used by service uses, while that area to the north is used by service uses and a few larger uses, such as the City Corporate yard. San Lazaro is a short street made up of small properties being used for service uses. All of these areas could be rezoned to C-4.

Shaded area of maps show existing **Service Use areas**, and those areas for possible rezoning to the C-4 Service Use Zone designation:

### Map 4: The Woods

*Currently Zoned: M-S, Industrial and Service*

*Proposed Zone: C-4, Service Commercial*

This shaded section of the Woods area is made up of smaller properties, most of which include service uses. This shaded area could be an area rezoned to the C-4 designation.
